September 25, 2024

Agenda

- ❑ Access to p-ANI Resources Toolbar
- ❑ P-ANI Toolbar
- ❑ P-ANI Requests
- ❑ Reports
- ❑ Questions

Access to p-ANI Resources

Two types of users (user types) have access to request p-ANI Resources:

Service Provider (SP) and Service Provider Consultant (SPC) users in NAS who are subscribed to the p-ANI subscription resource, will be allowed to submit p-ANI forecasts, applications and annual reports, and view p-ANI data based on the OCN(s), NENA ID(s), state(s) and NPA(s) in their approved user profile.

- Service Provider - a representative of an entity authorized to request and hold assignments of North American Numbering Plan (NANP) resources.
- Service Provider Consultant - a representative of an entity authorized to request assignments of North American Numbering Plan (NANP) resources for a Service Provider (SP) under contract with them. An approved LOA (Letter of Authorization) must be on file with NANPA in order to have the SP OCN(s) and NENA ID(s) in their NAS profile.

To access the p-ANI toolbar, the “p-ANI Resources” Resource Subscription must be selected in the user’s NAS profile. NANPA recommends the NANP Notifications Resource Subscription as well.

P-ANI Toolbar

P-ANI

Submit p-ANI Forecast

- Create/Modify p-ANI Forecast

P-ANI Requests

- p-ANI New Request
