

**NPA 202 (District of Columbia)
Final Jeopardy Procedures**

NANPA has declared this NPA to be in a jeopardy situation. The final Jeopardy Procedures have been implemented and codes will be rationed as described below. CO code allocations will initially be set at three per month. Pooling CO code requests will be entered in the lottery along with non-pooled requests.

If three or less Part 1 requests are submitted within the submission timeframe that month then each request receives a CO code. Any part of the base allocation of three that is not assigned in a rationing month will NOT carryover for assignment in the following month (“monthly assignable”). If more than three Part 1 requests are submitted within the submission timeframe that month, the codes will be assigned via a lottery to take place no later than the 10th business day of the month. All requests not assigned via the lottery will be denied.
