### Reminder Information

Since NANPA's Planning Letter # 334 was published in December 2003 the NXX list has changed over time and we wish to reduce any confusion the industry may have about which codes are moving to the new 951 NPA.

Industry members are reminded that updated NXX lists for the 909 NPA, the new 951 NPA or any other NPA can be found on our website at [www.nanpa.com](http://www.nanpa.com) by selecting Reports, then selecting Central Office Codes, then clicking on Central Office Code Utilized Report, from there enter the state and select the NPA. These reports provide an up-to-date list of central office codes assigned or unavailable for assignment by NPA.

By selecting the 951 NPA the report will show those NXX codes with the "use code" of AS (assigned) as those NXX codes that are part of the new 951 NPA. These reports can be downloaded into Excel format as needed.

### General Information
