

Number: PL-345
Date: July 21, 2005
Subject: Change of Test Number 809/829 Overlay (Dominican Republic)
Related Previous Planning Letters: PL-338

General Description

On July 21, 2005 Indotel notified NANPA that they have changed the test number to **(829) 222-9999**. This is a change from the test number identified in the previous Planning Letter.

A copy of the letter from Indotel is attached.

Re. Network Test Number NPA 829

Dear Mr. Manning:

As part of the implementation plan for the Dominican Republic's new NPA 829, Indotel established the (829) 555-9999 as the network test number, as it was previously stated in the planning letter. Nevertheless, some US carriers have informed to Dominican carriers that such number is used as the dial-in number for information services; thus, suggesting we should try and change it.

Following such a request please be advised we are proceeding to change the network test number to (829) 222-9999. Please make all necessary arrangements to reflect this modification in the planning letter.

Should you have any questions, please do not hesitate to contact us at your earliest convenience.

Sincerely,

José Alfredo Rizek V.
Executive Director, a.i.
