 Related Previous Planning Letters: PL-365, PL-371

General Description

On May 31, 2007, the Kentucky Public Service Commission (KY PSC) in Case No. 2006-00357 ordered a 2-way geographic split as the relief method for the 270 NPA, which serves the western portion of the State of Kentucky. On March 31, 2008, the KY PSC issued an order delaying the start of permissive dialing from January 1, 2009 to no later than April 1, 2010. The PSC deferred setting a date certain for mandatory dialing. A copy of the KY PSC orders and other related Commission information can be obtained at: <http://www.psc.ky.gov/>

Implementation of Relief Plan

Implementation of the split of the 270 NPA is as follows:

	Time	Date
Start of permissive dialing and latest date for all carriers to activate new NPA code	12:01 AM Central	March 28, 2010
End of permissive dialing and start of mandatory dialing of the new NPA	-	TBD
Earliest date for the end of recorded announcement	-	TBD
First date codes from the new NPA may be ordered through NANPA	-	TBD

During the permissive dialing period, either the 270 or the new 364 NPA code will be acceptable in a dialed number terminating in the new 364 NPA.

Network Testing

All international and domestic carriers should ensure that the new 364 NPA has been activated throughout their networks prior to March 28, 2010. The test number to verify the routing to the new NPA will be in service beginning December 1, 2009, through DATE TO BE DETERMINED. The test number to verify the routing to the 364 NPA is 364-364-4444. A recorded announcement will indicate that the test call has been successfully completed.
