

Number: PL-380

Date: September 3, 2008

Subject: Urgent reminder to update networks with the new 575 NPA for the 505 NPA Split in New Mexico.

Related Previous Planning Letters: PL-358

It has come to NANPA's attention that some carriers and owners of PBX equipment may not recognize the new 575 NPA resulting from the split of the 505 NPA in New Mexico. The new NPA was introduced on October 7, 2007 and will become mandatory on October 5, 2008.

Please take steps to ensure that the 575 NPA is recognized throughout your network.

Details of the split may be found in PL-358 issued December 21, 2006. Current central office code assignment information may be found at the NANPA website at www.nanpa.com and the latest information regarding routing to the new area code can be found in Telcordia's Local Exchange Routing Guide (LERG) or the NXX Activity Guide (NNAG). Information in the LERG and NNAG is available from Telcordia Routing Administration (TRA) group (732-699-6700).

Network Testing

All international and domestic carriers should ensure that the new 575 NPA has been activated throughout their networks. The test numbers to verify the routing to the new NPA will be in service through November 8, 2008. The test numbers to verify the routing to the 575 NPA are: 575-600-1234, 575-580-0575 and 575-295-0000. A recorded announcement will indicate that the test call has been successfully completed.

General Information

The information in this planning letter reflects information about NPA relief activities that has been derived from commission orders and from industry implementation decisions. The implementation of the plan described in this letter is the responsibility of individual service providers, and NANPA does not guarantee that the activities and plans will occur exactly as described herein.

Contact Information

General questions regarding the relief of the NPA 505 should be directed to Joe Cocke, Senior NPA Relief Planner - NANPA, on 805-520-1945. Questions of a technical nature should be directed to the NPA coordinator of the appropriate service provider.
