 Date: March 1, 2010  
 Subject: NPA 539 to Overlay NPA 918 (Oklahoma)  
 Related Previous Planning Letters: None

---

### General Description

On January 4, 2010 the Oklahoma Corporation Commission, in its order No. 572602 in Cause No. PUD 200800135, approved an all services overlay as the relief method for the 918 NPA. The 918 NPA generally covers the eastern portion of the state and serves communities such as Bartlesville, Clayton, Cushing, Fairfax, McAlester, Miami, Muskogee, Okemah, Poteau, Sallisaw, Tahlequah and Tulsa. The new **539 NPA** will serve the same geographic area currently served by the existing 918 NPA.

### Implementation of Relief Plan

Implementation of the overlay of the 539 NPA is as follows:

	Time	Date
Start of permissive 10-digit dialing.	12:01 AM Central	August 7, 2010
End of permissive dialing and start of mandatory 10-digit dialing	12:01 AM Central	March 5, 2011
Earliest new NPA central office code activation date *	-	April 1, 2011
Earliest date central office codes in the new NPA may be ordered through NANPA	-	October 1, 2010

\* Effective Date of the New 539 NPA

During the permissive dialing period, subscribers may dial local calls within the overlay area on either a 7-digit or 10-digit basis, but will be encouraged to dial 10-digits. After the permissive period ends, all calls must be dialed using 10-digits.

When preparing for overlay area code relief, carriers are strongly encouraged to prepare their switches to begin sending 10 digits prior to the mandatory 10-digit dialing conversion date for customers.

## Central Office Code Listings and NPA Map

A rate center map of the 918/539 NPA overlay is attached. Since NXX information may change over time, please consult the NANPA website at [www.nanpa.com](http://www.nanpa.com), the LERG™ Routing Guide (LERG) or the NXX Activity Guide (NNAG) for updated information. Information in the LERG™ and NNAG is available by license contract from Telcordia® Routing Administration (TRA), at 732-699-6700.

## Dialing Plan

Coincident with the introduction of mandatory 10-digit dialing, the dialing plan for the 918 and 539 NPAs will be as follows:

Type of call	Call terminating in	Dialing plan
Local call	Home NPA (HNPA) or Foreign NPA (FNPA)	10-digits (NPA-NXX-XXXX)
Toll call	HNPA or FNPA	1 + 10-digits (1 + NPA-NXX-XXXX)
Operator Services Credit card, collect, third party	HNPA or FNPA	0 + 10-digits (0 + NPA-NXX-XXXX)

## Network Testing

All international and domestic carriers should ensure that the 539 NPA has been activated throughout their networks prior to April 1, 2011. The test number to verify the routing to the new NPA will be in service beginning January 4, 2011 through May 2, 2011. The test number to verify the routing to the 539 NPA is: 539-539-1539. A recorded announcement will indicate that the test call has been successfully completed.

## General Information

The information in this planning letter reflects detailed information about NPA relief activities. The information has been derived from commission orders and from industry implementation decisions. The implementation of the plan described in this letter is the responsibility of individual service providers, and NANPA does not guarantee that the activities and plans will occur exactly as described herein.

## Contact Information

General questions regarding the relief of the 918 NPA overlay should be directed to Joe Cocke, Senior NPA Relief Planner NANPA, on 805-520-1945. Questions of a technical nature should be directed to the NPA coordinator of the appropriate service provider.

Attached is a list of company and contact information that is provided to assist in the implementation of the relief plan described herein. Because this information is subject to change, NANPA cannot guarantee the completeness or the accuracy of the attached list.
