

Number: PL – 445
 Date: December 21, 2012
 Subject: NPA 725 to Overlay NPA 702 (Nevada)
 Related Previous Planning Letters: None

General Description

On November 15, 2012 the Public Utilities Commission of Nevada, in Docket No. 12-06016, approved an all services overlay and the implementation dates shown below as the relief method for the 702 NPA. The 702 NPA generally covers all of Clark county and principally the greater Las Vegas area; serving communities such as: Boulder City, Henderson, Las Vegas, Laughlin, Mesquite and North Las Vegas. The new **725 NPA** will serve the same geographic area currently served by the existing 702 NPA.

Implementation of Relief Plan

Implementation of the 725 NPA overlay is as follows:

	Time	Date
Start of permissive 10-digit dialing.	12:01 AM Pacific	August 3, 2013
End of permissive dialing and start of mandatory 10-digit dialing	12:01 AM Pacific	May 3, 2014
Earliest new NPA central office code activation date *	-	June 3, 2014
Earliest date central office codes in the new NPA may be ordered through NANPA	-	December 3, 2013

* Effective Date of the New 725 NPA

During the permissive dialing period, subscribers may dial local calls within the overlay area on either a 7-digit or 10-digit basis, but will be encouraged to dial 10-digits. After the permissive period ends, all calls must be dialed using 10-digits.

When preparing for overlay area code relief, carriers are strongly encouraged to prepare their switches to begin sending 10 digits prior to the mandatory 10-digit dialing conversion date for customers.

Central Office Code Listings and NPA Map

A rate center map of the 702/725 NPA overlay is attached. Since NXX information may change over time, please consult the NANPA website at www.nanpa.com, the LERG™ Routing Guide (LERG) or the NXX Activity Guide (NNAG) for updated information. Information in the LERG™ and NNAG is available by license contract from Telcordia® Routing Administration (TRA), at 732-699-6700.

Dialing Plan

Coincident with the introduction of mandatory 10-digit dialing, the dialing plan for the 702 and 725 NPAs will be as follows:

Type of call	Call terminating in	Dialing plan
Local call	Home NPA (HNPA) or Foreign NPA (FNPA)	10-digits (NPA-NXX-XXXX)
Toll call	HNPA or FNPA	1 + 10-digits (1 + NPA-NXX-XXXX)
Operator Services Credit card, collect, third party	HNPA or FNPA	0 + 10-digits (0 + NPA-NXX-XXXX)

Network Testing

All international and domestic carriers should ensure that the 725 NPA has been activated throughout their networks prior to June 3, 2014. The test number to verify the routing to the new NPA will be in service beginning March 3, 2014 through August 3, 2014. The test number to verify the routing to the 725 NPA is: 725-725-0725. A recorded announcement will indicate the test call has been successfully completed.

General Information

The information in this planning letter reflects detailed information about NPA relief activities. The information has been derived from commission orders and from industry implementation decisions. The implementation of the plan described in this letter is the responsibility of individual service providers, and NANPA does not guarantee that the activities and plans will occur exactly as described herein.

Contact Information

General questions regarding the relief of the 702 NPA overlay should be directed to Joe Cocke, Senior NPA Relief Planner NANPA, on 805-520-1945. Questions of a technical nature should be directed to the NPA coordinator of the appropriate service provider.

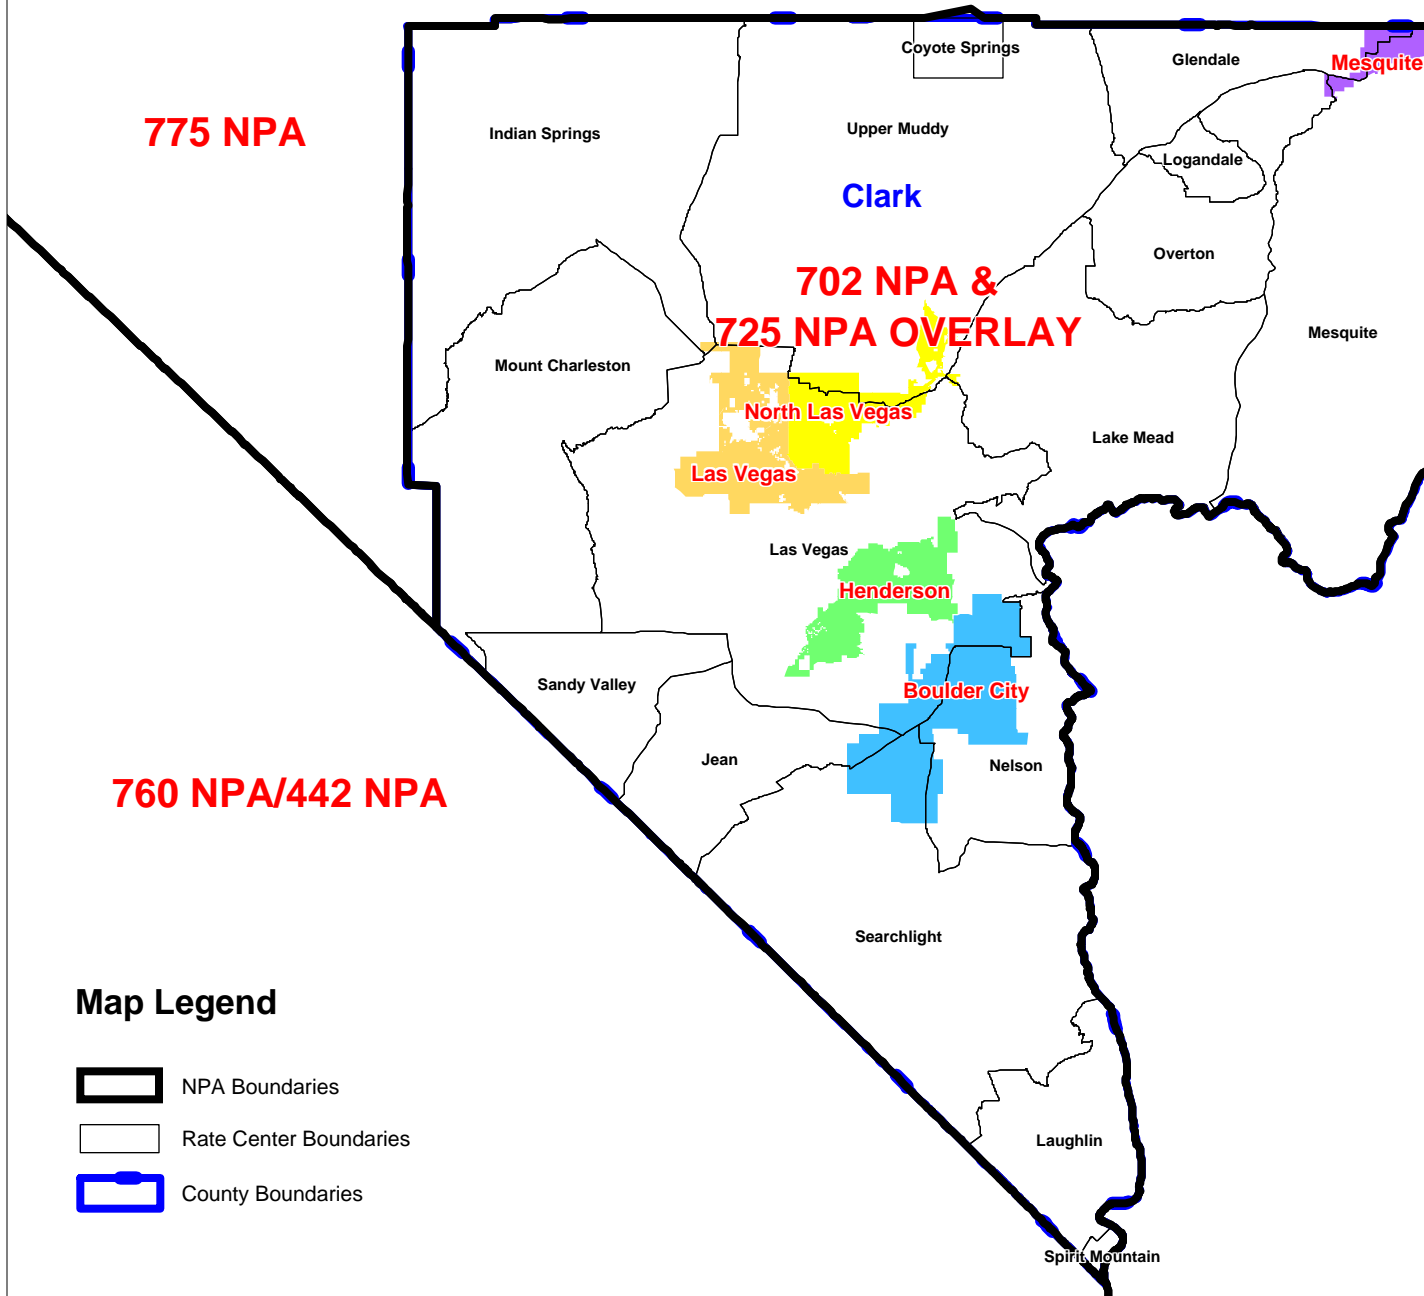

Attached is a list of company and contact information that is provided to assist in the implementation of the relief plan described herein. Because this information is subject to change, NANPA cannot guarantee the completeness or the accuracy of the attached list.
