

Number: PL - 468
 Date: August 29, 2014
 Subject: Expansion of the Concentrated NPA 786 Overlay with NPA 305 (Florida)
 Related Previous Planning Letters: PL-287, PL-116

General Description

On July 18, 2014, the Florida Public Service Commission, (FPSC) approved the expansion of the 305-786 NPA concentrated overlay into Monroe County for the remaining Florida Keys rate center which includes communities such as Big Pine Key, Islamorada, Key Colony Beach, Key Largo, Key West, Layton, Marathon, North Key Largo and Sugar Loaf Shores.

Implementation of Overlay Expansion

In preparation for the expansion of the overlay code and mandatory 10 digit dialing, a permissive dialing period has been in place since August 1, 2001. During this time subscribers in the geographic area to be served by the overlay expansion, have been encouraged to dial 10 digits (i.e. NPA + NXX + XXXX) for all local calls. Beginning on April 18, 2015, at 12:01 a.m. (ET) all local calls within and between the 305 and 786 NPAs in the overlay area will require 10-digit dialing. Implementation of the overlay expansion of the 786 NPA is as follows:

	Time	Date
Start of permissive 10-digit dialing.	-	August 1, 2001
End of permissive dialing and start of mandatory 10-digit dialing	12:01 AM Eastern	April 18, 2015
Earliest new 786 NPA central office code activation date in Keys rate center*	-	June 1, 2015
Earliest date central office codes in the 786 NPA for the Keys rate center may be ordered through NANPA		November 1, 2014

*Effective date of new 786 NPA in Keys rate center

During the permissive dialing period, subscribers in the Keys area may dial local calls within the overlay area on either a 7-digit or 10-digit basis, but will be encouraged to dial 10-digits. After the permissive period ends, all calls must be dialed using 10-digits.

When preparing for overlay area code relief, carriers are strongly encouraged to prepare their switches to begin sending 10 digits prior to the mandatory 10-digit dialing conversion date for customers.

Central Office Code Listings and NPA Map

A map of the 305/786 NPA overlay is attached. Since NXX information may change over time, please consult the NANPA website at www.nanpa.com; iconectiv's LERG Routing Guide or the NPA NXX Activity Guide for updated information. Information in the LERG Routing Guide and NPA NXX Activity Guide is available by license contract from Telecom Routing Administration, at 732-699-6700.

Dialing Plan

Coincident with the introduction of mandatory 10-digit dialing, the dialing plan for the 305 and 786 NPAs, including the Florida Keys area, will be as follows:

Type of call	Call terminating in	Dialing plan
Local call	Home NPA (HNPA) or Foreign NPA (FNPA)	10-digits (NPA-NXX-XXXX)
Toll call	HNPA or FNPA	1 + 10-digits (1 + NPA-NXX-XXXX)
Operator Services Credit card, collect, third party	HNPA or FNPA	0 + 10-digits (0 + NPA-NXX-XXXX)

Network Testing

All international and domestic carriers should ensure that the 786 NPA has been activated throughout their networks. The test number will be 786-786-1786. It will be available January 2, 2015 until May 1, 2015.

General Information

The information in this planning letter reflects detailed information about NPA relief activities. The information has been derived from commission orders and from industry implementation decisions. The implementation of the plan described in this letter is the responsibility of individual service providers, and NANPA does not guarantee that the activities and plans will occur exactly as described herein.

Contact Information

General questions regarding the expansion of the 305/786 NPA overlay should be directed to Thomas Foley, Senior Manager, Data Analysis NANPA, on 571-434-5726. Questions of a technical nature should be directed to the NPA coordinator of the appropriate service provider.

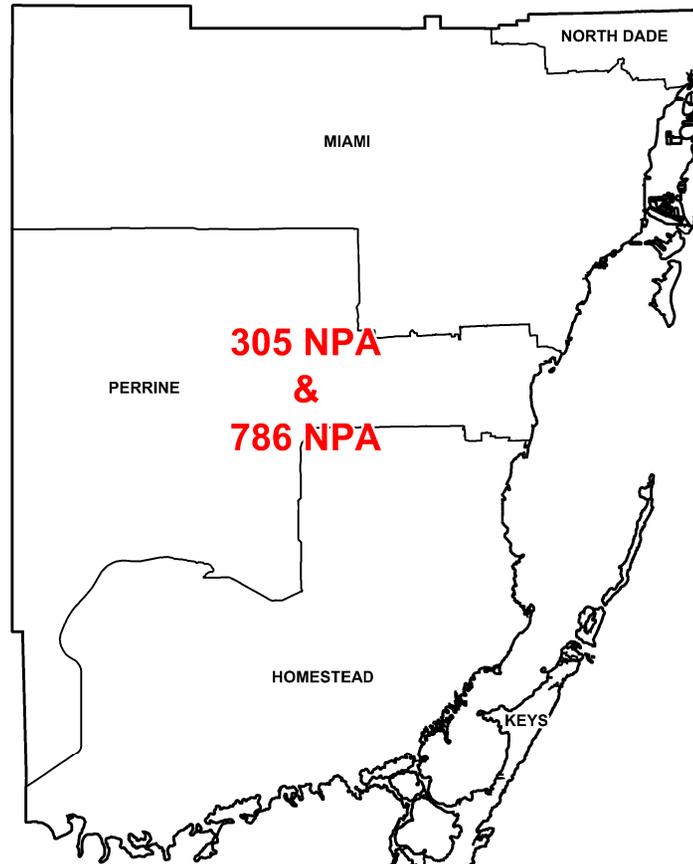

Attached is a list of company and contact information that is provided to assist in the implementation of the relief plan described herein. Because this information is subject to change, NANPA cannot guarantee the completeness or the accuracy of the attached list.
