Date: November 10, 2014
From: Canadian Numbering Administrator (CNA)
Subject: NPA 825 to Overlay NPAs 403/587/780 (Alberta Canada)
Related Previous Planning Letters: N/A

In Telecom Decision CRTC 2013-574 dated 30 October 2013, the Canadian Radio-television and Telecommunications Commission (CRTC) directed that relief for Alberta area codes 403/587/780 be provided through a distributed overlay of a new area code 825 starting 9 April 2016.

New area code 825 has been assigned by the North American Numbering Plan Administrator and will be implemented on the Relief Date of 9 April 2016 as a distributed overlay over the geographic area of the province of Alberta currently served by the 403, 587 and 780 area codes. A map showing the location of the area served by NPAs 403, 587 and 780 is attached to this letter.

When the new 825 NPA is introduced, no changes will take place to the dialling plans in the area that is served by NPAs 403/587/780 and will be served by NPA 825. The dialling plan in this area will continue to be:

- all local calls including Extended Area Service calls will be dialled with 10 digits; and,
- toll and alternatively billed calls will be dialled with 10 digits after the appropriate prefix digit(s).

All international and domestic Telecommunications Service Providers (TSPs) should activate the new 825 NPA throughout their networks by the start date for network testing (10 January 2016).

The following test numbers for the new NPA 825 will be made available effective 10 January 2016. Routing of calls to NPA 825 can be verified by dialling the 8378 (TEST) numbers which do not provide answer supervision. Billing of calls to NPA 825 can be verified by dialling the 2455 (BILL) numbers which provide answer supervision.

Test Number	Exchange Area (Rate Center)	Carrier
825-210-2455 and 8378	Calgary	TELUS
825-410-2455 and 8378	Edmonton	TELUS
825-610-2455 and 8378	Red Deer	TELUS
825-710-2455 and 8378	Westlock	TELUS
825-645-2455 and 8378	Fort McMurray	TELUS Mobility
825-999-2455 and 8378	Calgary	TELUS Mobility

Calls successfully completed to test numbers will receive the following announcement:

“You have successfully completed a call to the 825 area code test number at [CARRIER NAME] in Alberta, Canada.”

The disconnection dates for the test numbers will be between 9 May 2016 and 8 June 2016.

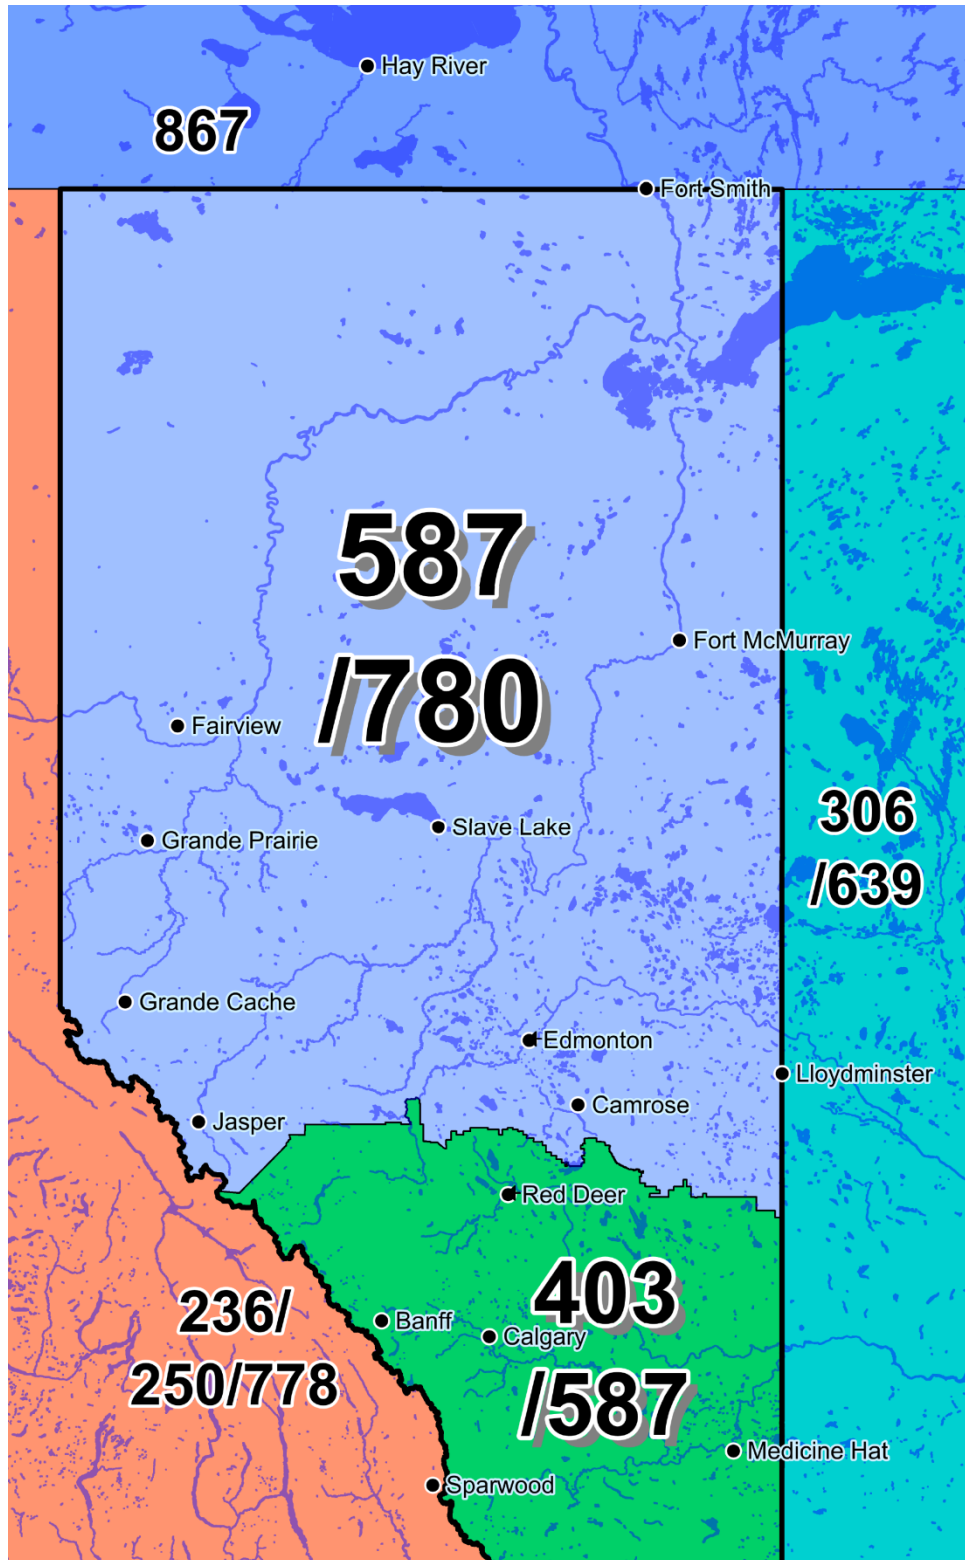

Central Office (NXX) Codes within NPA 825 may be assigned to TSPs starting from 9 October 2015, but cannot be activated in the PSTN prior to the Relief Date of 9 April 2016.

General questions about this relief activity may be directed to Glen Brown or Suresh Khare, of the Canadian Numbering Administrator (CNA), at 613-563-7242. Specific questions related to telecommunications services and network routing should be directed to the appropriate TSP.
