

NORTH AMERICAN NUMBERING PLAN LETTER

Number: PL-NANP-112

Date: February 27, 1998

From: R. C. Breidenbaugh - NANP Administration
202 756-5779; e-mail: rose.breidenbaugh@nanpa.com

Subject: NANP-Split of 919 (North Carolina) Numbering Plan Area (NPA)

We have been advised by Sprint United that continued number growth in North Carolina necessitates providing area code relief for the 919 Numbering Plan Area (NPA). The relief plan, approved by the North Carolina Utilities Commission, calls for a geographic split of the 919 NPA and the simultaneous introduction of a new 252 NPA. The following is a description of this relief plan.

Generally, the Raleigh Local Access and Transport Area (LATA) will retain the 919 NPA, and the Rocky Mount LATA be assigned to area code 252. The new 252 and 919 NPAs are forecasted to exhaust in six and four years, respectively.

The split of the 919 NPA, and the beginning of a permissive dialing period for the 252 NPA, is scheduled for 12:01 AM Eastern Standard Time (EST) on Sunday, March 22, 1998. The permissive dialing period will end at 12:01 AM EDT on Tuesday, September 22, 1998. During the permissive dialing period, either the 919 or 252 NPA code will be acceptable in a dialed number terminating in the new 252 NPA. After the permissive period, all calls dialed with the incorrect NPA code will be routed to intercept.

The attached **map** illustrates the 919 and 252 NPA configuration after the split, showing approximately where the boundary between NPAs will be located. Also attached are **listings** of the assigned central office codes (NXXs) and associated **exchange names** that will be located in the 919 and 252 NPAs. Since NXX information may change over time, updated NXX information may be found either in the Local Exchange Routing Guide (LERG) or the NPA NXX Activity Guide (NNAG). Current information in the LERG and NNAG is available by license contract from Bellcore's Traffic Routing Administration (TRA) group, which can be contacted by dialing the TRA Hotline at 732-699-6700.

All international and domestic carriers are asked to ensure that the new 252 NPA has been activated throughout their networks prior to March 22, 1998. Test calls to verify routing to the new NPA can be made by dialing 252-446-4917, which is already established. It is not expected the test number can be reached from outside the 252 NPA until shortly before the beginning of permissive dialing. Calls successfully completed to the test number will receive a recorded announcement. The test number will be disconnected at the end of permissive dialing on October 5, 1998.

The following dialing procedures will continue for all NPAs in North Carolina:

- All home NPA (HNPA) “local” calls will be dialed on a 7-digit basis with no prefix, i.e., NXX + XXXX (7 digits).
- All foreign NPA (FNPA) local calls to existing Extended Area Service (EAS) points will be dialed on a 7-digit basis with no prefix; i.e., NXX + XXXX (7 digits).
- All FNPA local calls to new Expanded Local Calling Area (ELCA) points will be dialed with 10 digits; i.e., FNPA + NXX + XXXX (10 digits).
- All HNPA direct dialed “toll” calls, i.e., calls that incur an additional charge, will be dialed with a prefix "1" and 10 digits, i.e., 1 + HNPA + NXX + XXXX (1 + 10 digits).
- All FNPA direct dialed toll calls will be dialed with a prefix “1” and 10 digits, i.e., 1 + FNPA + NXX + XXXX (1 + 10 digits).
- All operator assisted calls, including credit card, collect, and third party calls, will be dialed with a "0" prefix and 10 digits, i.e., 0 + NPA + NXX + XXXX (0 + 10 digits).

Questions concerning the 919/252 split and dialing procedures may be directed to the Sprint United’s NPA Relief Coordinator on Deborah Moyer 919 554-7150.

Questions concerning the contents of this letter may be referred to Rose Breidenbaugh on 202-756-5779.
