

## NORTH AMERICAN NUMBERING PLAN PLANNING LETTER

Number: PL-NANP-123  
Date: June 9, 1998  
From: R. C. Breidenbaugh - NANP Administration  
202 756-5779; E-mail : rose.breidenbaugh@nanpa.com  
Subject: NANP-Split of 504 (Louisiana) Numbering Plan Area (NPA)

We have been advised by BellSouth that number growth in Louisiana necessitates providing area code relief for the 504 Numbering Plan Area (NPA). The relief plan, approved by the Louisiana Public Service Commission, calls for a geographic split of the 504 NPA and the simultaneous introduction of a new 225 NPA. A description of this relief plan follows.

Generally, the New Orleans Local Access and Transport Area (LATA) will retain the 504 NPA, and the Baton Rouge LATA be assigned to area code 225. The new 225 and 504 NPAs are forecasted to exhaust in ten and five years, respectively.

The split of the 504 NPA, and the beginning of a permissive dialing period for the 225 NPA, is scheduled to begin on Monday, August 17, 1998 at 12:01 a.m. The permissive dialing period will end on Monday, April 5, 1999 at 12:01 a.m. During the permissive dialing period, either the 504 or 225 NPA code will be acceptable in a dialed number terminating in the new 225 NPA. After the permissive period, all calls dialed with the incorrect NPA code will be routed to intercept.

The attached [map](#) illustrates the 504 and 225 NPA configuration after the split, showing approximately where the boundary between NPAs will be located. Also attached are listings of the assigned central office codes (NXXs) and associated exchange names located in the 504 and 225 NPAs. The NXX details are effective as of June 1, 1998. Since NXX information may change over time, updated NXX information may be found either in the Local Exchange Routing Guide (LERG) or the NPA NXX Activity Guide (NNAG). Current information in the LERG and NNAG is available by license contract from Bellcore's Traffic Routing Administration (TRA) group, which can be contacted by dialing the TRA Hotline at 732-699-6700.

All international and domestic carriers are asked to ensure that the new 225 NPA has been activated throughout their networks prior to July 17, 1998. Test numbers have been established to verify routing, and will be available on July 17, 1998. Test calls to verify routing to the new NPA can be made by dialing 225-291-6715 for the Baton Rouge LATA, and by dialing 225-874-7712 for the Jackson LATA.

It is not expected the test number can be reached from outside the 225 NPA until shortly before the beginning of permissive dialing. Calls successfully completed to the test number will receive a recorded announcement. The test number will be disconnected at the end of permissive dialing on April 4, 1999.

The following dialing procedures will generally apply within the Baton Rouge Local Access Transport Area (492 LATA) Louisiana:

- All home NPA (HNPA) “local” calls will be dialed on a 7-digit basis with no prefix, i.e., NXX + XXXX (7 digits).
- All foreign NPA (FNPA) local calls to existing Extended Area Service (EAS) points will be dialed on a 10-digit basis with no prefix; i.e., FNPA+NXX + XXXX (10 digits).
- All HNPA direct dialed “toll” calls, i.e., calls that incur an additional charge, will be dialed with a prefix "1" and 10 digits, i.e., 1 + HNPA + NXX + XXXX (1 + 10 digits).
- All FNPA direct dialed toll calls will be dialed with a prefix “1” and 10 digits, i.e., 1 + FNPA + NXX + XXXX (1 + 10 digits).
- All operator assisted calls, including credit card, collect, and third party calls, will be dialed with a "0" prefix and 10 digits, i.e., 0 + NPA + NXX + XXXX (0 + 10 digits).

The following exceptions apply to the North Cornor Rate Center:

- All foreign NPA (FNPA) local calls to existing Extended Area Service (EAS) points will be dialed on a 7-digit basis with no prefix; i.e., NXX + XXXX (7 digits).
- All FNPA local calls to Expanded Local Calling Area (ELCA) points will be dialed with a “1” prefix and 10 digits, i.e., 1 + FNPA+NXX+XXXX (11 digits).

Questions concerning the 504/225 split may be directed to Douglas A. McCullough, BellSouth Telecommunications NPA Administration on 205 977-5069.

Questions concerning the contents of this letter may be referred to Rose Breidenbaugh on 202-756-5779.

R. C. Breidenbaugh  
North American Numbering Plan Administration
