Subject: **Urgent reminder** to Industry to update networks for the 403 NPA Split in Alberta, Canada with new 780 NPA.

Telus has brought to our attention that many carriers still do not recognize the 780 NPA that was introduced on January 25, 1999 and becomes mandatory on May 18, 1999 as relief for the 403 NPA. **Please take steps to ensure that the 780 NPA is recognized throughout your network.**

Details of the split may be found in PL-NANP-148 issued January 8, 1999.
