

Number: PL-228  
Date: April 24, 2000  
From: North American Numbering Plan Administration (NANPA)  
Subject: 515 NPA Split, Creating New 641 NPA (Iowa)

---

In Docket Number SPU-99-22, Area Code 515 Relief Plan, Order issued March 30, 2000, the Iowa Utility Board approved a relief plan for the 515 NPA that serves Central Iowa. The relief plan calls for a geographic split. Des Moines and Ames will remain in the 515 NPA after the split; and the northern and eastern portions of the existing 515 NPA, including Mason City, Pella and Ottumwa, will be in the new 641 NPA.

In preparation for the geographic split, permissive dialing of the new NPA will begin at 12:01 AM Central Daylight Time July 9, 2000. The permissive period will end at 12:01 AM Central Standard Time on December 3, 2000. After the permissive period, all calls dialed with the incorrect NPA code will be routed to intercept.

The attached map illustrates the 515 and 641 NPA configuration after the split. Also attached are listings of the assigned central office codes (NXXs) remaining in the 515 NPA and those moving to the 641 NPA as a result of the split. This information is correct as of March 30, 2000. Since NXX information may change over time, consult the Local Exchange Routing Guide (LERG) or the NXX Activity Guide (NNAG) for updated information. Information in the LERG and NNAG is available by license contract from Telcordia's Traffic Routing Administration (TRA), at 732-699-6700.

All international and domestic carriers should ensure that the new 641 NPA code has been activated throughout their networks prior to July 9, 2000. Beginning July 9, 2000, test calls to verify routing to the new 641 NPA can be made by dialing 641-421-0021 (switch CLLI is MSCYIATCDS0). Calls successfully completed to the test number will receive a recorded announcement. The test number will be disconnected after February 1, 2001.

The dialing plan for the 515 and 641 NPAs will be as follows:

- All local calls terminating in the home NPA will be dialed as 7 digits; i.e. NXX+XXXX
- All local calls terminating in a foreign NPA will be dialed as 10 digits; i.e. NPA+NXX+XXXX
- All toll calls must be dialed as 1+10-digits; i.e. 1+NPA+NXX+XXXX
- Operator-assisted, third party and credit card calls must be dialed as 0+10-digits; i.e. 0+NPA+NXX+XXXX

Central office codes assigned in the 641 NPA may not be activated prior to February 1, 2001.

Refer general questions about this relief activity to Sandy Tokarek, NANPA, at 401-821-7761.  
Direct specific questions to the appropriate service provider.
