

Number: PL-253
Date: January 2, 2001
From: North American Numbering Plan Administration (NANPA)
Subject: 319 NPA Split, Creating 563 NPA (Iowa)

On November 16, 2000, the Iowa Utilities Board (IUB) approved a geographic split of the 319 NPA (Docket SPU 99-30). The relief plan calls for the introduction of a new NPA, 563, for eastern portions of Iowa, abutting Wisconsin, Illinois and southeastern Minnesota. The attached map delineates the NPA boundaries after the split. The IUB issued a subsequent order on December 28, 2000, revising permissive and mandatory dialing dates, and making minor boundary realignments.

Also attached is a listing of the current 319 NPA central office codes (NXXs) that will remain in the 319 NPA and those that will move to the new 563 NPA. This information is current as of December 29, 2000. Since NXX information may change over time, consult the Local Exchange Routing Guide (LERG) or the NXX Activity Guide (NNAG) for updated information. Information in the LERG and NNAG is available from Telcordia Technologies, Traffic Routing Administration (TRA), at 732-699-6700.

The split of the 319 NPA, and the beginning of the permissive dialing period, will take place at 12:01 AM Central Time on March 25, 2001. The permissive dialing period will end at 12:01 AM Central Time on December 2, 2001. During the permissive period, either the 319 or 563 NPA code will be acceptable in a dialed number terminating in the new 563 NPA. After the permissive period, all calls dialed with the incorrect NPA code will be routed to intercept.

After the beginning of mandatory dialing on December 2, 2001, the dialing plan for the 319 and 563 NPAs will be as follows:

- All local calls terminating in the home NPA will be dialed as 7-digits (NXX+XXXX).
- All local calls, terminating in a foreign NPA will be dialed as 10-digits (NPA+NXX+XXXX).
- All toll calls will require the prefix "1" and ten digits (1+NPA+NXX+XXXX).
- All operator-assisted calls, including credit card, collect, and third party calls, will require the prefix "0" and 10 digits (0+NPA+NXX+XXXX)

All international and domestic carriers should ensure that the new 563 NPA has been activated throughout their networks prior to March 25, 2001.

Test calls to verify routing to the 563 NPA can be made by dialing (563) 324-0563 for LATA 634, or (563) 387-0563 for LATA 635. The test numbers will be in service beginning from February 12, 2001 until January 2, 2002. A recorded announcement will indicate that the test call has been successfully completed to the new NPA.

General questions concerning the relief of the 319 NPA should be directed to George Light, NPA Relief Planner NANPA, on (708) 848-3838. Questions of a technical nature should be directed to the NPA coordinator of the appropriate service provider.
