

Number: PL-293

Date: August 6, 2001

From: North American Numbering Plan Administration (NANPA)

Subject: Supplemental Information NPA Overlay 787/939 (Puerto Rico)

---

On April 14, 2000, The Telecommunications Regulatory Board of Puerto Rico (the Board) approved an all-services overlay for the 787 NPA in Puerto Rico. Under the order, the new 939 NPA was to be activated August 1, 2001. The ten-digit dialing became mandatory July 15, 2001.

NANPA has been ordered by the Board, CASE NUM. JRT-2001-OA-0001 dated August 2, 2001, to suspend activation of the new 939 NPA until September 15, 2001. This order does not affect the mandatory ten-digit dialing.
