Subject: Declaration of Jeopardy Situation in NPA 817 (Texas)

---

We have been advised by Southwestern Bell Telephone, central office code administrator for the 817 Numbering Plan Area (NPA), that demand for NXX codes in the 817 NPA in the Fort Worth area of Texas has increased significantly beyond the normal forecast. As a result, the 817 NPA is in jeopardy of exhausting prior to when relief can be provided. According to the *Central Office Code (NXX) Assignment Guidelines*, "A jeopardy condition exists when the forecasted and/or actual demand for NXX resources will exceed the known supply during the planning/implementation interval for relief."

Until relief can be provided, the special conservation measures outlined in Section 8.4 and other appropriate sections of the *Central Office Code (NXX) Assignment Guidelines* will be invoked for the 817 NPA (refer to document INC 95-0407-008, revision 9/96).

Questions concerning the relief of the 817 NPA may be directed to Bill Adair, Southwestern Bell, at 913-676-1539.

Questions concerning the contents of this letter may be referred to Jim Deak, Bellcore, at 908-699-6612.
