

North American Numbering Plan Planning Letter

Number: PL-NANP-034
Date: January 22, 1997
From: J. N. Deak - NANP Administration
908-699-6612, jdeak @ notes.cc.bellcore.com
Subject: NANP-Split of 817 (Texas) Numbering Plan Area (NPA)

We have been advised by Southwestern Bell that substantial number growth in the Fort Worth area of Texas necessitates splitting the existing 817 NPA into three geographic areas and the simultaneous introduction of two new NPA codes: 254 and 940. The following is a description of this relief plan.

The existing 817 NPA will be divided into three NPAs. The "core" area consisting of the Fort Worth metropolitan area and Arlington will retain the 817 NPA. The 940 NPA code will be assigned to the north section of the current 817 NPA, a 25-county area including Wichita Falls and Denton. The southern area of the current 817 NPA, serving all or part of 23 counties including the city of Waco, will be assigned the 254 NPA code.

The split of the 817 NPA and the beginning of a permissive dialing period for both the 254 and 940 NPAs is scheduled for 12:01 AM EDT on Sunday, May 25, 1997. The permissive period will end at 12:01 AM EDT on Sunday, August 24, 1997. During the permissive period, either 817 or 254 will be acceptable in a dialed number terminating in the new 254 NPA. Similarly, either 817 or 940 will be acceptable in a dialed number terminating in the new 940 NPA. During the permissive period, calls to the new 254 NPA will not be allowed using the 940 NPA code, nor will calls be allowed to the 940 NPA using the 254 NPA code. After the permissive period, all calls must utilize the proper NPA code.

The attached map illustrates the 817, 254 and 940 configuration after the split, showing approximately where the boundary between the NPAs will be located. Also attached are listings provided by Southwestern Bell of the assigned central office codes (NXXs) and associated NXX exchange names that will be located in the 817, 254 and 940 NPAs, as of January 10, 1997. Since NXX information may change over time, updated NXX information may be found either in the Local Exchange Routing Guide (LERG) or the NPA NXX Activity Guide (NNAG). Current information in the LERG and NNAG is available by license contract from Bellcore's Traffic Routing Administration (TRA) group, which can be contacted by dialing the TRA Hotline at 908-699-6700.

Southwestern Bell has advised NANPA that the accelerated 817/254/940 NPA implementation schedule will require special attention by the industry as well as customers throughout the US. All international and domestic carriers are asked to ensure that the new 254 and 940 NPAs have been activated throughout their networks prior to May 25, 1997. Test calls to verify routing to the new NPA can be made by dialing the following test numbers: 254-995-8378 and 940-955-8378, effective May 12, 1997. Calls successfully completed to the either of the test numbers will receive a recorded announcement. The test numbers will be disconnected at the end of permissive dialing on August 24, 1997.

The dialing plan for the 817, 254, and 940 NPAs will remain the same as currently used within the 817 NPA, namely:

- All home NPA (HNPA) local calls will be dialed on a 7-digit basis with no prefix, i.e., NXX + XXXX (7 digits).
- All HNPA toll calls, i.e., calls that generally incur an extra charge, will require a prefix "1" and 10 digits, i.e., 1 + HNPA + NXX + XXXX (1 + 10 digits).
- All foreign NPA (FNPA) local calls will be dialed on a 10-digit basis with no prefix, i.e., FNPA + NXX + XXXX (10 digits).
- All FNPA toll calls will be dialed with a prefix "1" and 10 digits, i.e., 1 + FNPA + NXX + XXXX (1 + 10 digits).
- All operator assisted calls, including credit card, collect, and third party calls, will be dialed with a "0" prefix and 10 digits, i.e., 0 + NPA + NXX + XXXX (0 + 10 digits).

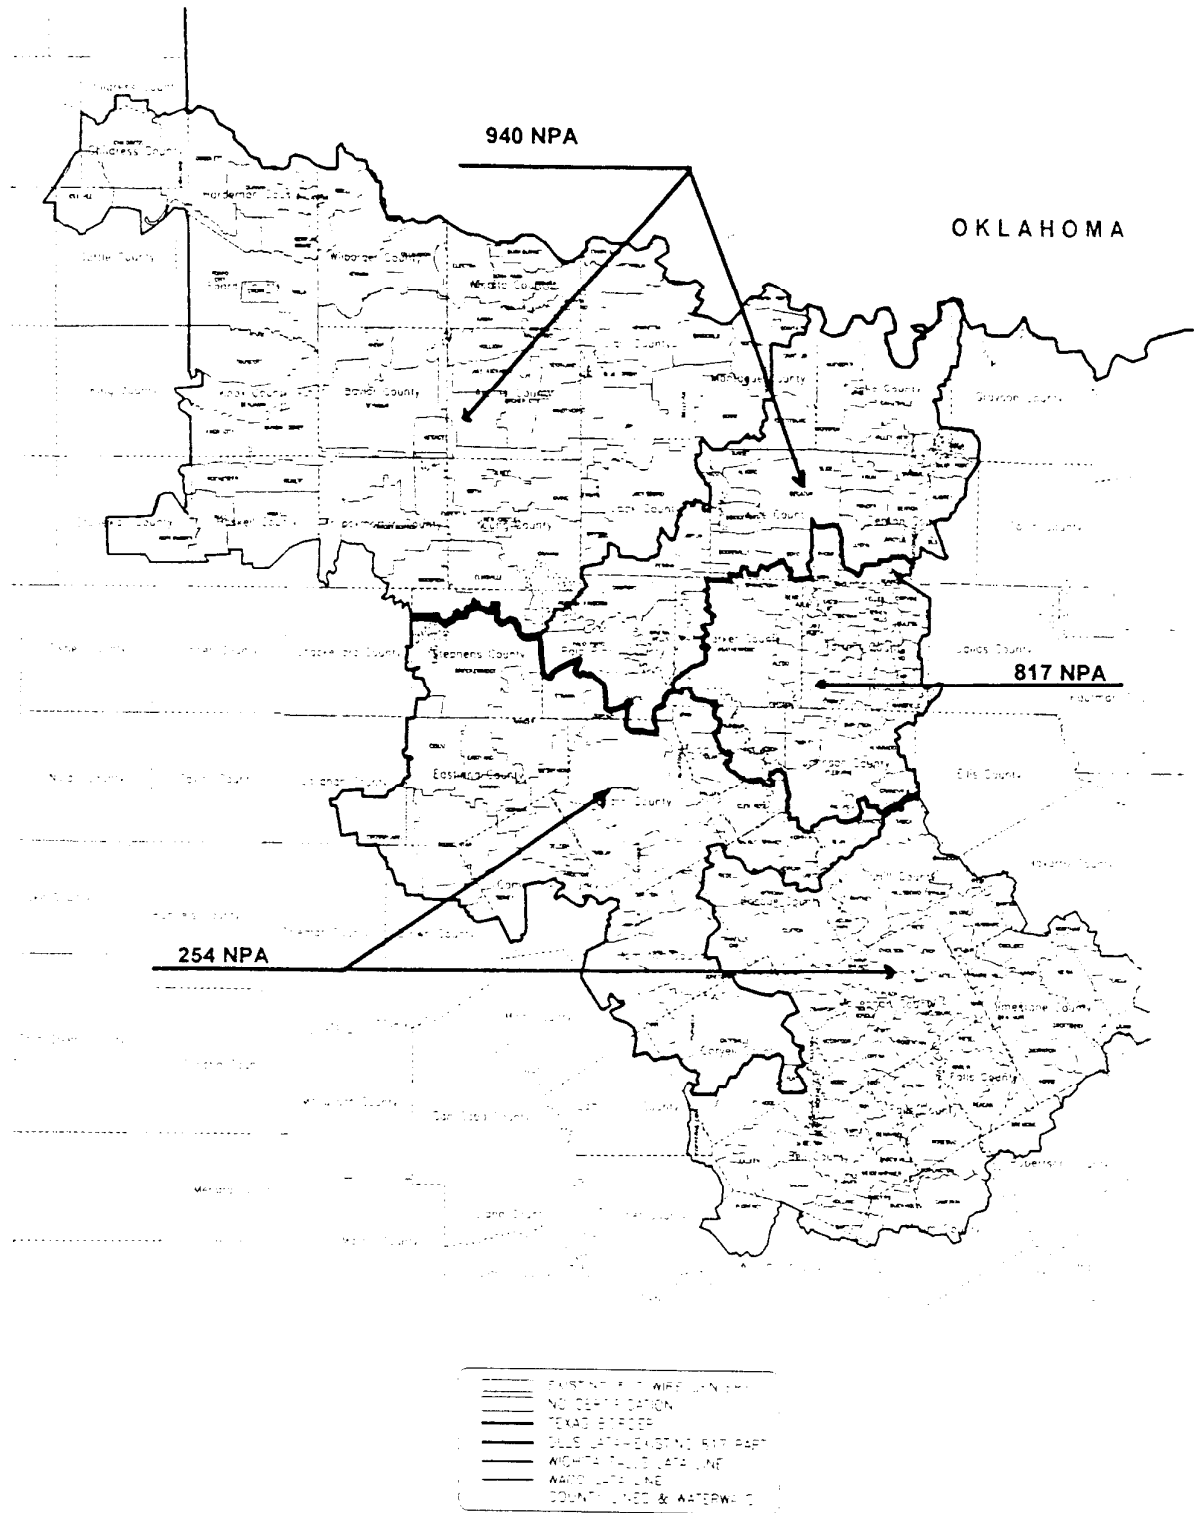

General questions concerning the 817/254/940 relief activity may be referred to the Texas NPA Relief Coordinator at 913-676-1539.

Questions concerning the contents of this letter may be referred to Jim Deak, Bellcore, at 908-699-6612.
