

## North American Numbering Plan

December 10, 1997

To Recipients of Bellcore Planning Letters:

Bellcore Planning Letter, PL-NANP-100, incorrectly listed a contact number for Clyde Nestor of BellSouth. The contact number has been corrected in the attached revision to the PL. All other details of the relief plan as described in the PL remain the same. The revised PL replaces the previous version of the PL which should be discarded.

There will be no charge to the recipients of the revised PL. Questions concerning the contents of this letter may be referred to Jim Deak, Bellcore, on 732-699-6612.

A handwritten signature in black ink, appearing to read "J. N. Deak".

Subject: NANP-Split of 910 (North Carolina) Numbering Plan Area (NPA) - Revised

---

We have been advised by BellSouth that continued number growth in North Carolina necessitates providing area code relief for the 910 Numbering Plan Area (NPA). The relief plan, approved by the North Carolina Utilities Commission, calls for a geographic split of the 910 NPA and the simultaneous introduction of a new 336 NPA. The following is a description of this relief plan.

Generally, the Greensboro Local Access Transport Area (LATA) will be assigned to the 336 NPA and the Fayetteville LATA will retain the 910 NPA. The new 910 and 336 NPAs are forecast to exhaust in six and four years, respectively.

The split of the 910 NPA, and the beginning of a permissive dialing period for the 336 NPA, is scheduled for 12:01 AM Eastern Standard Time (EST) on Monday, December 15, 1997. The permissive dialing period will end at 12:01 AM EDT on Monday, June 15, 1998. During the permissive dialing period, either the 910 or 336 NPA code will be acceptable in a dialed number terminating in the new 336 NPA. After the permissive period, all calls dialed with the incorrect NPA code will be routed to intercept.

The attached map illustrates the 910 and 336 NPA configuration after the split, showing approximately where the boundary between NPAs will be located. Also attached are listings as of November 1, 1997 of the assigned central office codes (NXXs) and associated exchange names that will be located in the 910 and 336 NPAs. Since NXX information may change over time, updated NXX information may be found either in the Local Exchange Routing Guide (LERG) or the NPA NXX Activity Guide (NNAG). Current information in the LERG and NNAG is available by license contract from Bellcore's Traffic Routing Administration (TRA) group, which can be contacted by dialing the TRA Hotline at 908-699-6700.

Please note: the following three exchanges will convert to permissive dialing on March 22, 1998, and mandatory dialing on October 5, 1998.

IJAMES	336 492
COOLEEMEE	336 284
MOCKSVILLE	336 751

All international and domestic carriers are asked to ensure that the new 336 NPA has been activated throughout their networks prior to December 15, 1997. Test calls to verify routing to the new NPA can be made by dialing 336-230-0698, which will be established on or before November 15, 1997. It is not expected the test number can be reached from outside the 910 NPA until shortly before the beginning of permissive dialing. Calls successfully completed to the test number will receive a recorded announcement. The test number will be disconnected at the end of permissive dialing on June 15, 1998.

The following dialing procedures will continue for all NPAs in North Carolina:

- All home NPA (HNPA) "local" calls will be dialed on a 7-digit basis with no prefix, i.e., NXX + XXXX (7 digits).
- All foreign NPA (FNPA) local calls to existing Extended Area Service (EAS) points will be dialed on a 7-digit basis with no prefix; i.e., NXX + XXXX (7 digits).
- All FNPA local calls to EAS (Expanded Local Calling Area or ELCA) points will be dialed with 10 digits; i.e., FNPA + NXX + XXXX (10 digits).
- All HNPA direct dialed "toll" calls, i.e., calls that incur an additional charge, will be dialed with a prefix "1" and 10 digits, i.e., 1 + HNPA + NXX + XXXX (1 + 10 digits).
- All FNPA direct dialed toll calls will be dialed with a prefix "1" and 10 digits, i.e., 1 + FNPA + NXX + XXXX (1 + 10 digits).
- All operator assisted calls, including credit card, collect, and third party calls, will be dialed with a "0" prefix and 10 digits, i.e., 0 + NPA + NXX + XXXX (0 + 10 digits).

Questions concerning the 910/336 split and dialing procedures may be directed to BellSouth NPA Relief Coordinators, Bill Farris on 704-417-7949, or Clyde Nestor on 910-723-2468, or to the BellSouth NPA Code Administrator, Stan Washer, on 205-977-2668.

Questions concerning the contents of this letter may be referred to Jim Deak, at Bellcore, on 732-699-6612.
