Related Previous Planning Letters: IL 95/08-015

General Description

On May 1, 2022, the Missouri Public Service Commission (Commission), in File No. TO-2022-0250, approved an all-services distributed overlay over the 573 NPA. The 573 NPA covers most of the eastern half of Missouri and includes the state capital of Jefferson City. It serves communities including, but not limited to, Columbia, Jefferson City, Cape Girardeau, Rolla, Hannibal, Poplar Bluff, Sikeston, Farmington, Fort Leonard Wood and many other smaller communities. The new **235 NPA** will serve the same geographic area currently served by the existing 573 NPA. Additionally, Central Office (CO) codes in the 235 NPA will be available for assignment only when all assignable CO codes in the 573 NPA have been assigned.

Since CO Code information may change over time, please consult the NANPA website at www.nanpa.com, iconectiv's LERG Routing Guide or the NPA NXX Activity Guide for updated information. Information in the LERG Routing Guide and NPA NXX Activity Guide is available by license contract from Telecom Routing Administration, at 732-699-6700.

Dialing Plan

Coincident with the introduction of mandatory 10-digit local dialing on February 24, 2024, the dialing plan for the 573 and 235 NPAs will be as follows:

Type of call	Call terminating in	Dialing plan
Local call	Home NPA (HNPA) or Foreign NPA (FNPA)	10-digits (NPA-NXX-XXXX) *

* 1+10 permissive dialing at service provider's discretion

Network Testing

All international and domestic carriers should ensure that the new 235 NPA has been activated throughout their networks prior to March 24, 2024. The test number to verify the routing to the 235 NPA will be in service beginning December 24, 2023, through April 24, 2024. The test number to verify the routing to the 235 NPA is: 235-235-1235.
